

aligning vision & strategy

an exceptional learning
experience for managers
& executives in strategic
& leadership roles

An imaginative and practical intervention
to deal with a key leadership issue – how to
align the soft stuff, with the hard stuff.

Richard Olivier and his associate, John Honros,
will work with top teams to engage themselves
and their people from the inside out.

How can you connect what you care about to what your
organisation requires? Once achieved, an aligned Vision and
Strategy provides you with a compelling motivational tool.

This course is best suited to those who can bring all
(or a majority) of their management/leadership team with them.
Small teams are welcome - as are individuals and 'one-man
bands', who will be grouped together for practical work in
breakout sessions.

CHAMBER of
COMMERCE
East Lancashire
