

Exporting Basics

25 SEPTEMBER 2018
09:30 - 12:30

QUALIFIES TOWARDS YOUR FOUNDATION AWARD

As a potential exporter it is vital to understand the complex issues of trading internationally. Exporting is a process and needs planning with clear and focussed objectives. Taking time to consider the implications for your business and the need to be realistic within a timescale of what can be achieved is essential.

This short half day session will give practical tips and advice to enable your business to look at exporting.

FOUNDATION AWARD

8 nationally accredited courses covering a core international trade curriculum and mapped to level 2 NVQ. Achievable on completing 6 of the 8 modules.

“The Exporting Basics course helps to give you an overview of what is required to export both inside and outside of the EU. It helps explain each step required to get your goods to a given destination as well as offering tips on the best methods to use. The opportunity is also there to ask questions to clarify understanding and increase your competence within export. I would recommend that anyone starting out in export attend to increase their knowledge of this process.”
