

# HMRC Special Procedures Awareness Seminar

**1ST OCTOBER 2019**  
10:00 - 13:00

**BOOK NOW: LIMITED PLACES AVAILABLE**

Special Procedures are schemes available to importers and exporters to waiver, suspend or drawback customs duties. When operating under a Special Procedure goods are still within the control of HMRC even though they have been released from the place of arrival.

Under any authorisation process HMRC checks that the company has relevant written procedures and skilled staff and determines how to use and maintain records for each procedure so it is important to understand your obligations.

Understanding these procedures can help in identifying which scheme can be used in a given situation, minimise import duty payments and subsequently benefit cash flow within your business.

## SEMINAR CONTENT
